

CAD COLLECTION SERVICES

We offer every program available in the collection industry and then leave it up to you to select the one you feel best suits your needs. **Our programs never alienate or offend your customers/patients.** Our Fixed Fee Per Account **Fees are less than 10%** and that's **lower than what it would cost you to work the accounts yourself.** We typically recover **two to three times as much money as other agencies.** You can add the fixed fee back on to each account submitted so when all is said and done, **your debtors/patients end up paying for the service for you.**
